Organisational Membership Renewals

Thank you!

We extend our sincere thanks to all members who have renewed membership for another year. How grateful we are!

For some time, we've been exploring gift options to show our appreciation. Many of our members have been with us over 10 years now, some even longer. Incredible. Watch out for your gift of appreciation coming soon.

Annual General Meeting 21

Your Voice Matters

The key message for all members is simple... The annual general meeting is an event when you keep in touch with key people managing IARC and keep yourself in the loop.

We've worked all year behind the scenes to ensure the centre stays on track and performs for you and your students.

If you cannot vote in person by joining the meeting online, then please **submit your vote by proxy**. This is essential for the legal operation of the centre. Your voice really does matter.

Return proxies to jade@iarcedu.com

Committee Nominations and Elections

Get Involved!

We warmly welcome new nominations from interested people who would like to get involved in managing the centre. Now is the time to return completed CALL FOR NOMINATIONS forms if someone you know would like to get involved. Maybe you have fresh ideas and can make a reasonable commitment to drive us forward... Get in touch if you'd like to receive a role description and find out more.

View the people currently involved.

New enquiries

A three-year high...

We have recorded enquiries for membership at the highest level in around 3 years... so what's going on? The seismic shift to the online learning space recently! We are connecting more with business and industry, conducting frequent zoom calls with education business all over the world. Enquiries inform us - we love it.

Remember, we also handle enquiries from your students, so if there's something we should include in our responses, pass it along.

Legislation Change in the Non-Profit Sector

Keeping you informed

The Queensland Government has announced law changes for incorporated associations. The law changes were passed under the Associations Incorporation and Other Legislation Amendment Act 2020.

You don't need to do anything, however you should be aware that we are currently reviewing the changes and taking steps to ensure our business firmly fulfils our regulatory requirements. We will announce changes as we integrate them.

If you are interested in finding out more, please review the information available [here](#) on the Queensland government website.

Welcome New Members!

- Supporting the current three applicants achieve approved membership status

Say something kind

We have a favour to ask... if you have any positive words you could share about IARC, what it means to your students or how you have benefited being a member, we need your voice to support us on our mission.

Your voice matters.

If you could spare 60 seconds to write a line or two offering us a testimonial of sorts, we'd love that and it will help bring fresh content to our website.

This is a part of our strategy to increase our attention on our customer journey. This is a real focus in the office at moment and we would like to build on it with your help!

Likewise, if you have feedback or other comments, please email Jade or the Customer Service team.
